Why Causal?

- It's the Cause (or Seed) of the Subtle & Gross Body

Why Body?

- Body in Sanskrit is '*sharira*' which means perishable

Characteristics :

- Originates with *Avidya* (ignorance) of the real identity of the Atman
- Objective experience of happiness/unhappiness not possible with Causal Body
- Contains the Body in Seed form in Dream-less Deep Sleep (*sushupti – nitya pralaya*)
- Contains the Body in Seed form in Cosmic Dissolution (*sushupti – maha pralaya*)
- Maya at the Individual Level

What are Dissolutions (*Pralayas*)?

Pralaya: Cessation of All Activities; Dissipation of Material World

Nitya Pralaya (Constant/Continuing Dissolution):

- When Jiva (Individual) goes into dream-less deep sleep (*Sushupti*)
- Individual Body/Mind remains dormant as Seed in the Causal Body temporarily until Dream or Waking

Maha Pralaya (Cosmic Dissolution):

- When everything material merges into its source, Prakriti
- Individual Body/Mind remains in the form of Seed until the next Cycle of Cosmic Creation

Atyantik Pralaya (Final Dissolution):

- When Jiva (Individual) attains God-realization aka Liberation aka Moksha
- Dissolution of Individual Body/Mind - Seed of Ignorance is burnt forever
- *Jivatma* merges into *Paramatma*

What is Maya?

What is Maya?:

- Maya = “That which is Not” (Ma = “Not”, Ya = “That”)

- By which World (*jagat*) appears to be Real (*satyam*)
- By which Impermanent (*anityam*) appears to be Permanent (*nityam*)
- Functions in the state of duality (*vyavaharika*) and not in non-dual (*paramarthika*) state
- Iswara controls Maya, but Maya (avidya) controls Jiva

Is Maya Real?

- Real to those => who are in it
- Indescribable to those => who try to understand it
- Non-existent to those => who have gone beyond it
